under the Explosives Regulations also. But neither in these rules nor in Rule 94 of the Rules under the Mines Regulation referred to by the Director does the deletion of the words "the Chief Inspector of Explosives" appear necessary or desirable. All that seems to be required is formal authority for the Inspectors of Explosives to do the functions assigned to the Chief Inspr. under the existing rules

Dl. 31-8-15

3 The question now is whether the District's proposal may be accepted with the approval of the provisions of the Explosives Regn & rules & what other changes in the rules are necessary.

Mr Smeeth had been appointed Chief Inspector of Explosives by name.

The abolition implies that the Director is not expected to do the duties assigned to them under the Rule. In the absence of a Notification cancelling the word "Chief" in Rule 94, there will arise practical difficulties when the amount for stores exceeds the limits prescribed therein.

6) In the case of parties sanctioned under the Explosive Regulation, no alteration or amendment is necessary, as the duties in each case can be performed either by the Chief Inspector, or an Inspector.

15) Though the appt of Chief Inspector of Explosives has been virtually abolished, the Rules under the Explosives Regulation still make reference to "the Chief Inspector of Explosives or an Inspector of Explosives." (cp. Rules 10(e) and 43). In order to preserve consistency of language, — as long as the Expl: Rules remain unchanged, — we may preferably amend Rule 94 of the Mines Rules either by inserting the words "or of an Inspector of Explosives" after the words "the Ch: Inspr of Explosives," or by substituting the words "an Inspector of Explosives" (not "the") for the same words. But if importance is not attached to consistency of wording, then the amendment proposed by the Director embodied in the draft is suitable enough and I have no objection to it.
